| Trainee, European Central Bank, DG-I                                                                 | 2020 - 2021   |
| Teaching Assistant, Chair for International Macroeconomics and Macroeconometrics, Prof. Binder, Ph.D | 2018-2019     |
| Student Assistant, Chair of Microeconomics, Prof. Volker Nocke, Ph.D., Universität Mannheim          | 2015-2016     |

### EDUCATION

---

|                                                                                                                                                                                     |             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| <b>Goethe University Frankfurt, GSEFM, Department of Economics</b><br>PhD in Economics (summa cum laude)                                                                            | 2019-2025   |
| 'Inflation Dynamics in Macroeconomic – Expectations, Nonlinearities and Heterogeneity'<br>Primary Advisor: Prof. Dr. Mathias Trabandt, Secondary Advisor: Prof. Yuriy Gorodnichenko |             |
| <b>University of California, Berkeley, Visiting Student Researcher</b><br>Host: Prof. Yuriy Gorodnichenko                                                                           | Spring 2024 |
| <b>Goethe University Frankfurt, GSEFM, Department of Economics</b><br>M.Sc. in Quantitative Economics                                                                               | 2018-2022   |
| <b>Toulouse School of Economics</b><br>Erasmus Exchange Year                                                                                                                        | 2016-2017   |
| <b>Mannheim University</b><br>B.Sc. in Economics                                                                                                                                    | 2014-2018   |

### RESEARCH PAPERS

---

**Households' Inflation Expectations and their Consumption Basket**

**Inflation, Inequality, and the Business Cycle**, *with Sofia Semik and Mathias Trabandt*

**Forward Guidance and the Zero Lower Bound on Inflation Expectations**

## RESEARCH SOFTWARE DEVELOPMENT

---

**www.epi-mmb.com** I am a member of the Epidemic Macro Model Database project (joint with Mathias Trabandt, Volker Wieland and Team). Check out the new model comparison platform for epidemic macro models: [www.epi-mmb.com](http://www.epi-mmb.com).

## SEMINARS and WORKSHOPS

---

- 2025 Inflation Drivers and Dynamics 2025 Conference (poster session\*), EABCN: Can Heterogeneous Agent Models be useful for Central Bankers? How? (poster session\*), EEA Annual Congress, Bordeaux (presenter), 19<sup>th</sup> Annual Dynare Conference on Heterogeneity and Nonlinearities in Macroeconomics (presenter), University of Heidelberg (presenter), Bank of England Research Seminar (presenter)
- 2024 CEPR Paris Symposium (poster session), Goethe Macro Training School - Heterogeneous Agent Macroeconomics (Co-organizer), Goethe University - PhD Macro Modeling Seminar (presenter), Czech National Bank - Heterogeneous Agents in Macroeconomic Models (poster session), University of Bonn - PhD Conference (presenter), University of California, Berkeley - GEMS (presenter)
- 2023 Norges Bank Workshop (poster session), Bonn Frankfurt Mannheim PhD Conference (presenter), Goethe University - PhD Macro Modeling Seminar (presenter)
- 2022 HANK made Easy – Macro Fluctuations and Policies in THANK (Florin Bilbiie), Frankfurt Mannheim PhD Conference (presenter)  
EABCN Workshop - "The Macroeconomics of Climate Change" (Per Krusell and John Hassler)
- 2018 "The future of money and monetary policy" (Workshop), with Prof. Fendel and Martin Mandler

## RESEARCH INTERESTS

---

Macro Modelling, Consumer Expectations, Monetary Economics, Heterogeneous Agents Models, Climate Economics

## SCHOLARSHIPS

---

|                                                                                               |           |
|-----------------------------------------------------------------------------------------------|-----------|
| Scholarship of the German National Merit Foundation<br>(Studienstiftung des deutschen Volkes) | 2014-2021 |
| DAAD (German Academic Merit Foundation), PhD Research Scholarship                             | 2024      |

## OTHER RELEVANT INFORMATION

---

|             |                                                                                                                                   |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Programming | MATLAB, Dynare, Stata, Python, R, Latex, SSJ-toolkit                                                                              |
| Languages   | English (fluent), German (mother tongue), French (intermediate), Spanish (basic)                                                  |
| Services    | Organizer of PhD Macro Modeling Seminar at Goethe University (2022-2025)<br>Member of a tenure-track evaluation commission (2024) |
